

07_ IFSA Sponsored Events

IFSA Sponsored/Endorsed Events

----- * decision procedure * -----

I . General procedure

The IFSA President, after receiving the request from the event chairman to get IFSA sponsorship/ endorsement of an event (conference, congress, meeting and related events), ask the IFSA VP assigned to this task to provide a report on the request. Next, the President sends the report to all Council members for final approval.

II . Concise procedure for Institutional Members

Whenever a request is made to sponsor/endorse an event organized by an IFSA Institutional Member, the President can decide its approval, based on the recommendation by IFSA VP in charge and reports the decision to the council. For this purpose, the chairman of the organizing committee of the event must provide the following information together with his request:

- a. Name of the event
- b. Institutional member that sponsors the event
- c. Date and place
- d. Chairman and Organizing Committee
- e. International Program Committee members

Otherwise, the IFSA President proceeds as usual (following the generated scheme; see 1 above).
