CALL FOR PAPERS

The Tenth International Econometric and Financial Conference of
Vietnam (ECONVN 2026/2027)

for Celebrating the 50th Anniversary of Ho Chi Minh University of
Banking and the 10th Anniversary of ECONVN

Ho Chi Minh City, Vietnam, October 12–13–14, 2026

Main theme:

CHAOTIC DYNAMICS FOR ECONOMIC MODELING AND RELATED TOPICS

The increasing recognition of nonlinearity and complexity in
economic systems has challenged the traditional Newtonian paradigm
based on linearity and equilibrium. Chaos theory provides a more

realistic framework for understanding economic dynamics, highlighting that most economic processes are inherently nonlinear and capable of generating complex and unpredictable behavior. The ECONVN 2026/2027 conference, with the theme "Chaotic Dynamics for Economic Modeling and Related Topics", aims to advance research on nonlinear and complex economic systems. It invites contributions on the theoretical, empirical, and applied aspects of chaotic dynamics in economics, finance, and banking, as well as related areas, to promote more robust and realistic modeling approaches for contemporary economic challenges. Selected papers will be published in the Springer series "Studies in Systems, Decision, and Control" (Scopus, DBLP, WTI Frankfurt eG, zbMATH, SCImago) and will be submitted for consideration in Web of Science (ISI).

Venue: Ho Chi Minh University of Banking (HUB), [36 Ton That Dam Street](#), Saigon Ward, Ho Chi Minh City, Vietnam

Format: A hybrid conference with both online and offline

Conference Date: October 12–13–14, 2026

Conference Website: <https://hcm-hn.conference-econ-buh-bav-rist.vn/>

Point of Contact: hub.econvn@gmail.com | Tel: (+84) 28.382.102.38

The Conference welcomes research contributions on all aspects of chaotic dynamics in econometrics, economics, and finance, with particular emphasis on, but not limited to, the following topics and methodological approaches:

- Nonlinear dynamics and chaos theory in economic and financial systems

- Nonlinear time series analysis and chaotic econometrics
- Machine learning and AI for detecting chaotic patterns in economic data
- Bayesian and simulation-based methods for nonlinear dynamic systems
- Chaotic dynamics in business cycles and economic growth
- Climate change, energy transition, and macroeconomic instability
- Global financial integration and nonlinear spillover effects
- Agent-based modeling and simulation of chaotic economic systems
- Etc.

Publications:

Accepted papers must be presented at the Conference which will be published in the Springer Volume, Series: STUDIES IN SYSTEMS, DECISION AND CONTROL (Economics, Social and Life Science Classifications)

Indexed by SCOPUS, DBLP, WTI Frankfurt eG, zbMATH, SCImago (submitted for Web of Science)

Important Dates:

- Paper submission deadline: June 15, 2026

- Notification of acceptance: August 15, 2026
- Camera-Ready Manuscript: September 1, 2026

Instructions for Submissions:

- Get your account on EasyChair (then click on Conferences, on ECONVN2026/2027) and submit your PDF files to EasyChair. Link:

CALL FOR PAPERS — THE TENTH INTERNATIONAL ECONOMETRIC AND FINANCIAL CONFERENCE OF VIETNAM (ECONVN 2026/2027)

(Submission deadline: June 15, 2026)

Dear Scholars, Experts, Lecturers, and Students,

The Organizing Committee cordially invites you to participate and submit your research papers to the Tenth International Econometric and Financial Conference of Vietnam (ECONVN 2026/2027). This is a special event celebrating the 50th Anniversary of Ho Chi Minh University of Banking (HUB) and the 10th Anniversary of ECONVN.

In addition to key information on the conference theme, invited speakers, deadlines, venue, and submission procedures, ECONVN 2026/2027 also offers a high-quality international publication opportunity for domestic authors. Accepted papers will be published in the proceedings of the "Studies in Systems, Decision and

Control" (Economics, Social and Life Science Classifications) by Springer, indexed in SCOPUS, DBLP, WTI Frankfurt eG, zbMATH, SCImago, and submitted for consideration in Web of Science (ISI).

For further details, please visit the ECONVN conference website at: hcm-hn.conference-econ-buh-bav-rist.vn or contact Dr. Diem Thi Thuy Pham directly at (+84) 28.382.102.38.

Submission system: EasyChair – ECONVN 2026/2027

The Organizing Committee warmly welcomes the participation of lecturers, researchers, graduate students, doctoral candidates, and undergraduates.

Thank you sincerely./.
